Eric Strohmaier, Frontend Developer

I am a motivated and curious Front End Developer with a background in the tourism industry.
From my previous work experience as a chef, I bring a lot of resilience, creativity and adaptability.
I am very dedicated to my new role as a Front End Developer.
I thrive on challenges and am always eager to learn new technologies.

Employment History

Chef de partie at Vinzenz Pauli, Sankt Pölten

March 2021 — April 2022

With a keen understanding of vegetarian cuisine and a passion for culinary excellence, I consistently delivered high-quality meals that delighted customers. I thrived in a fast-paced environment, collaborating with the kitchen team to ensure smooth operations and exceed customer expectations. Through my creativity, attention to detail, and ability to handle pressure, I played a pivotal role in enhancing the restaurant and contributing to its overall success

Chef de partie patisserie at Tian, Vienna

October 2022 — December 2022

During a trans-formative three-month at Tian (Michelin Star vegetarian restaurant), I had the opportunity to explore the realm of pastry and desserts. With an unwavering commitment to excellence, I refining my skills in creating delectable vegetarian treats.
